Fee Disclosure Statement for Participants of the GS1 GROUP INC 401(k) Profit Sharing Plan & Trust

Overview

As a participant in the retirement plan sponsored by your employer, you are entitled to know the fees and expenses incurred to operate the plan that are paid by participant assets. The Employee Retirement Income Security Act of 1974, as amended ("ERISA"), requires that the plan administrator provide the disclosures of these fees to you, on or before the date you can first direct your investments, and annually thereafter.

The disclosure of fees is intended to make you aware of the rights and responsibilities associated with the options made available under the plan so that you may make informed decisions regarding the management of your account.

The types of information that must be disclosed are both plan-related and investment-related. Plan-related information includes general operational and identifying information, administrative expenses, and individual expenses. Investment-related information is included on a separate chart which details the fee information of the investment alternatives made available by the plan.

Asset Management

Your employer has selected the following financial professional to assist with the management of plan assets: Integrity BrandonBush, 530-514-4973.

Part Two: Administrative Expenses

Administrative expenses for such duties as recordkeeping, accounting, tax form preparation, and legal fees may be paid by the employer or by the plan. Your employer also has the option to be reimbursed by the plan for expenses they have paid. Fees paid with plan assets will be deducted pro-rata based on account balances and specified on your quarterly participant benefit statement as a plan administration expense.

Paychex charges administrative fees for the services provided to the plan which may be paid either by your employer or by plan assets. In the event your employer elects to have fees paid by plan assets the fees will be deducted pro-rata based on the account balances and will be specified on your quarterly participant benefit statement as Plan Administration Fee. Paychex administrative expenses include monthly fees, per participant fees, setup fees, and, when an employer selects specific service offerings or other features, an annual account fee which is charged against plan assets.

Certain Paychex administrative fees may be paid from plan assets if elected by the plan administrator. Certain restrictions may apply. This table shows how these options have performed over time and allows you to compare them with an appropriate benchmark for the same time periods. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information about an option's principal risks is available on the Web site(s).

Section II. Fee and Expense Information

The Fees and Expenses table shows fee and expense information for the investment options listed in the Variable Return Investments table. It lists the Total Annual Operating Expenses of the options in the Variable Return Investments table. Total Annual Operating Expenses are expenses that reduce the rate of return of the investment option. This table also shows Shareholder-Type Fees. These fees are in addition to Total Annual Operating Expenses. A portion of the expense ratio may be returned to Paychex or its subsidiaries in the form of revenue sharing. If an employer has elected the return of concessions feature for its plan the revenue share that would be returned to Paychex or its subsidiaries is returned directly to the participant who incurred the fee charged by the investment and an annual account fee is charged against plan assets. Administrative fees including annual account fees, may be paid directly by your employer or by the Plan as described in Part Two.
