## **Fee Disclosure Statement for Participants of the Evo Logistics Worldwide Corpor 401(k) Profit Sharing Plan & Trust**

### **Overview**

As a participant in the retirement plan sponsored by your employer, you are entitled to know the fees and expenses incurred to operate the plan that are paid by participant assets. The Employee Retirement Income Security Act of 1974, as amended ("ERISA"), requires that the plan administrator provide the disclosures of these fees to you, on or before the date you can first direct your investments, and annually thereafter.

The disclosure of fees is intended to make you aware of the rights and responsibilities associated with the options made available under the plan so that you may make informed decisions regarding the management of your account.

The types of information that must be disclosed are both plan-related and investment-related. Plan-related information includes general operational and identifying information, administrative expenses, and individual expenses. Investment-related information is included on a separate chart which details the fee information of the investment alternatives made available by the plan.

### **Part One: General Plan Information**

#### **Enrollment**

Participants and beneficiaries can enroll and make investment changes at any time once eligible to participate in the plan. They can enroll via the internet or by completing an Enrollment/Change Form and either faxing or mailing it to Paychex.

#### **Plan Investment Changes**

There are no limitations on the frequency of when investment changes may be made; however, there may be fees associated with such changes. Review the attached Investment Chart or the fund's prospectus for additional information.

#### **Voting of Proxy**

The plan administrator shall have responsibility for instructing the trustee as to voting and the tendering of shares relating to assets held by the trust, by proxy or in person, except to the extent such responsibility is delegated to another person, under the terms of the plan or under an agreement between the adopting employer and an investment manager, in which case such persons shall have such responsibility.

#### **Asset Management**

Your employer has selected the following financial professional to assist with the management of plan assets: Brandon Bush, 530-514-4973.

## Part Two: Administrative Expenses

Administrative expenses for such duties as recordkeeping, accounting, tax form preparation, and legal fees may be paid by the employer or by the plan. Your employer also has the option to be reimbursed by the plan for expenses they have paid. Fees paid with plan assets will be deducted pro-rata based on account balances and specified on your quarterly participant benefit statement as a plan administration expense.

Paychex charges administrative fees for the services provided to the plan which may be paid either by your employer or by plan assets. In the event your employer elects to have fees paid by plan assets the fees will be deducted pro-rata based on the account balances and will be specified on your quarterly participant benefit statement as Plan Administration Fee. Paychex administrative expenses include monthly fees, per participant fees, setup fees, and, when an employer selects specific service offerings or other features, an annual account fee which is charged against plan assets.

Certain Paychex administrative fees may be paid from plan assets if elected by the plan administrator. Certain restrictions may apply. You may contact your plan administrator to determine whether administrative fees are paid from plan assets. If this applies, the fees are charged against participant accounts pro-rata based on account balance. Over the previous 12 months, Paychex administrative fees paid from assets totaled \$19.44.

Paychex returns any payments which Paychex would have received from the investments in the Plan's lineup pro-rata to the Plan and assesses an annual account fee against the Plan assets. The annual account fee is currently 31.00 bps. Basis points (bps) are a unit of measurement equal to 1/100th of 1% (e.g., 40 bps = .40%=.004).

Quarterly Plan Document Maintenance Fee of \$15 will be paid by the employer or the plan. Quarterly Plan Document Maintenance Fees paid with plan assets will be deducted pro rata based on account balances and specified on your quarterly participant benefit statement.

In the event that the employer decides to transfer plan assets attributable to its eligible employees to a new service provider, there may be a plan transfer fee charged for services associated with the transfer process. The employer could determine to pay the expense with plan assets. If the expense is paid by plan assets, it will be deducted on a pro-rata basis from all account balances, and the portion applied to your account will be reflected on your quarterly participant benefit statement.

A registered investment advisor, Brandon Bush, 530-514-4973, manages the assets of the plan based on direction from the plan administrator. The annual fee is 100 basis points up to \$10,000,000 based on the plan's assets including loan balances paid on a Quarterly basis and charged against participant accounts pro-rata based on account balance.

Your employer has elected to use the 3(16) services of 401k Generation. An annual account fee against the Plan assets will be charged. The annual account fee is based on the formula below:

Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information about an option's principal risks is available on the Web site(s).

## Section II. Fee and Expense Information

The Fees and Expenses table shows fee and expense information for the investment options listed in the Variable Return Investments table. It lists the Total Annual Operating Expenses of the options in the Variable Return Investments table. Total Annual Operating Expenses are expenses that reduce the rate of return of the investment option. This table also shows Shareholder-Type Fees. These fees are in addition to Total Annual Operating Expenses. A portion of the expense ratio may be returned to Paychex or its subsidiaries in the form of revenue sharing. If an employer has elected the return of concessions feature for its plan the revenue share that would be returned to Paychex or its subsidiaries is returned directly to the participant who incurred the fee charged by the investment and an annual account fee is charged against plan assets. Administrative fees including annual account fees, may be paid directly by your employer or by the Plan as described in Part Two.
